

## The Best of Both Worlds

Two worlds gracefully collided as both fashion and art took center stage at the Washington Fashion Group Gala. Attendees delighted in the silent auction of wonderful paintings and sketches created by a number of American and European fashion designers. In addition to dinner and a reception, the black-tie soiree also paid tribute to Katharine Graham, who was recognized for her many philanthropic contributions. Monies raised from the evening's activities will benefit the Fashion Group Scholarship Foundation.
